This document is the permanent record of content produced and published for Ekabo Home: an original five-episode animated series, thirty-plus podcast clip reels, seven educational carousels, brand statics, a Victory Sundays community recap, and a three-deliverable client engagement. Performance metrics sync directly from Instagram, Meta, TikTok and YouTube via the companion stats toolkit and are appended to this record as they accrue.

Deliverables per campaign, July 8 – August 30, 2026.

SEE YOU AT 75

Original animated office-comedy series (EP1–EP5) built as a lead-magnet narrative: coworkers wake up to real estate as the exit from a job they'd otherwise hold until 75. EP5 grounded in researched r/Fire stories, ends on a DM call-to-action.

PODCAST CLIPS

29 vertical reels cut from the Financial Freedom Mastermind podcast — hook selection, host-on-camera edits, beat-mapped b-roll, brand open/end cards, styled captions.

CAROUSELS & STATICS

10 swipe-format educational posts (house-hacking math, loan types, buyer checklists, story-driven carousels from viral Reddit threads) in the brand design system.

COMMUNITY & CLIENT

Victory Sundays closing-recap reel from archive footage; three-deliverable back-to-school event package for Woodbury Park (90s recap, LinkedIn cut, 60s party cut).
